

Autonomy to Practice. Support to Thrive.

At **Corfu Veterinary Clinic**, we believe great veterinarians do their best work when they're **trusted to practice medicine their way** within a collaborative, highly experienced team. Here, you'll have the **autonomy to make clinical decisions**, lead your day, and develop your interests while working with a loyal client base that truly values and supports high-quality care. You'll step into a **broad, diverse, and stimulating caseload** that includes **wellness, geriatric, and emergent cases**, giving you the opportunity to practice meaningful medicine and stay continuously challenged.

A Team That Feels Like Home

From summer picnics and Trunk-or-Treats to the Corfu Christmas parade, our team shares meaningful moments together while staying connected to the community. It's a close-knit group that supports one another both inside and outside the clinic.

Equipped for Advanced, High-Level Medicine

Our facility is equipped to support advanced diagnostics and comprehensive care:

- Full in-house IDEXX laboratory (ProCytte, multiple Catalyst analyzers, Sedivue)
- Digital radiography (IDEXX)
- Digital dental radiography & dedicated dental suite
- Esaote ultrasound with full echocardiography capabilities
- Overnight IDEXX reference lab access
- Support from boarded cardiologists and internal medicine specialists (SonoPath)

What Our Clients Love About Us

Google reviewers talking about your new coworkers...

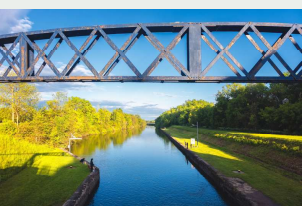

"We have been coming to Corfu Vet Clinic for over 20 years. We have received nothing but the BEST service and quality of care for our animals."

"The vets and techs are compassionate and excellent at what they do and the office staff are friendly and helpful."

Country-Like Charm with Big-City Access

Located in Corfu, New York, our practice offers a relaxed country setting with easy access to everything Buffalo has to offer, one of the most affordable and revitalized metro areas in the country. Within 30 minutes, you can catch an NFL or NHL game, explore a vibrant waterfront, or enjoy world-class art, theater, and music. With nearby parks, seasonal events, and plenty of ways to unwind, it's an ideal place to build a career while enjoying life outside of work.
