

ANIMAL HOSPITAL OF AVON

Collaboration, compassion, and growth coming together

Animal Hospital of Avon is home to a **passionate, supportive team** that thrives on learning and trust. With strong resources—including close ties to local specialists, mentorship, a modern facility, and advanced equipment—we're able to **deliver exceptional, customized care for our patients** while delivering personalized experiences for our clients who truly value our work. Our team practices the highest level of medicine by creating individualized treatment plans using multi-modal anesthesia and analgesia and tailored patient monitoring and nursing care while integrating **Fear Free strategies and following AAHA, AAFP, and AVMA guidelines.**

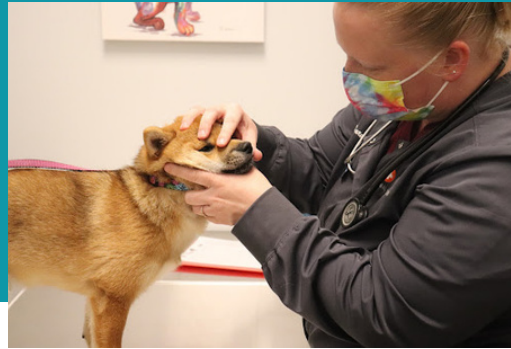

Empowering Our People, Elevating Our Care

Our talented team consists of five RVTs with a combined 45+ years of experience, four veterinary assistants that have recently completed/are currently enrolled in a veterinary technology program. We believe in "giving back" and supporting the growth of future veterinary professionals by offering externships and mentorship to students.

Cutting-Edge Technology

With advanced diagnostics, imaging, surgical, and dental tools on-site, we're equipped to provide the very best in modern veterinary care, including:

- Ultrasound
- Idexx chemistry, CBC, and U/A Analyzer
- In-house cytology and blood morphology analyzer
- Electrocautery
- Standard X-ray and portable handheld dental X-ray
- So much more!
