

Thunderbird

VETERINARY HOSPITAL

A Culture of Care, A Legacy of Excellence

Founded in 1993 by Drs. Susan Mack and Michelle Corr, **Thunderbird Veterinary Hospital** has grown from a small mixed animal practice into a trusted, well-established pillar of care in the community. Today, that legacy lives on through a collaborative, **clinically confident team** that takes pride in delivering high-quality medicine, working with a **diverse caseload including exotics**, and building lasting relationships with a loyal client base. It's a fast-paced, supportive environment where **communication, mentorship, and professional growth** are at the center of everyday work.

A Culture That Supports You

At Thunderbird, patient care and team well-being are equally prioritized. You'll be part of a **close-knit, down-to-earth team** of true animal lovers who bring both skill and personality to their work, creating a welcoming environment where your contributions are recognized and your voice is valued.

Tailored Care For Every Pet

From advanced surgical procedures and MLS Laser Therapy, our skilled team is committed to providing personalized solutions tailored to our clients:

- In-House Diagnostics
- Digital & Dental Radiography
- Surgical Suite with Anesthesia Monitoring
- Ultrasound
- Pet Boarding & Senior Pet Care

Why is Thunderbird So Special?

Google reviewers talking about your new coworkers...

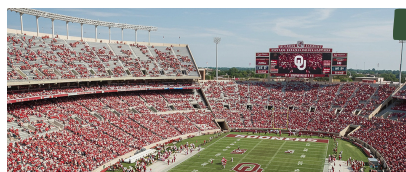

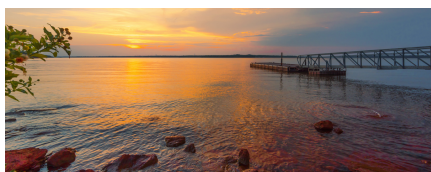

"These wonderful veterinarians and their staff have taken care of our fur babies for 28 years now!"

"All the staff make sure my pets feel loved, and they look forward to their visits."

Live And Thrive in Norman, OK

Just south of Oklahoma City, Norman offers a compelling mix of outdoor recreation, small-town charm, and big-city access. Home to the University of Oklahoma, this vibrant college town features a strong sense of community, affordable living, and plenty to explore. From weekends at Lake Thunderbird State Park to exploring the Walker Arts District or catching an OU game, there's always something new to experience.
