

A Close-Knit Team, A Place to Grow Your Skills

At **Town & Country Veterinary Clinic**, we're a small, collaborative, **AAHA-accredited practice** where every team member is valued. Our culture is professional but playful. Clients are greeted by name, and our patients always receive genuine care. Join a **motivated, team-oriented group** that loves connecting with clients, making a real impact in the community, and practicing great medicine together.

Equipped for High-Quality, Hands-On Medicine

We are equipped with:

- IDEXX in-house diagnostics (CBC, Chem17, Lyte4, Sedivue, UA machines)
- Refractometer & centrifuge
- Portable ultrasound (small & large units)
- Digital & Dental radiography
- Small oxygen cage & oxygen masks
- Sterile surgery suite
- Cauterizing machine
- Regular clinical trials with Merck, ACI Biosciences, Dechra & others

Get the Scoop on Our Team from Gulf Coast Pet Parents

"They are honest, supportive, and always make us feel heard and understood."

"Staff have been awesome at every visit, from first to final"

Small Town Warmth, Big Hearted Community

Starke is a rural, welcoming community where relationships matter, and neighbors look out for one another. Our clients are friendly, easy to talk to, and deeply appreciate the care we provide. The town offers charming local eateries and familiar chain options on a main stretch that brings the community together. With Gainesville, Jacksonville, and Lake City within easy driving distance, you can enjoy the peace of small-town life while still having access to amenities, restaurants, and entertainment, offering the best of both worlds.
