

LEFFERTS
ANIMAL HOSPITAL

A State of the Art Full-Service Hospital

ABOUT THE AREA

Richmond Hill, New York, is a culturally diverse city, near Queens. Its diversity is exactly what makes the city so unique and makes it a great place to live. Not only will you experience many different cultures in one place, but a collection of business that you won't find anywhere else. Richmond Hill dates back as far as the late 1600s, making this a great stop for any person interested in American history. In fact, it is believed that a Revolutionary War battle was fought on one of the town's most historic landmarks. However, if Richmond Hill is best known for anything, it has to be its parks. The city is littered with recreational parks, each just as beautiful and natural as the last. This makes Richmond Hill a perfect place to live and for people that are looking for a day away from the crowds of the big city.
