

Where Caring for Animals Meets a Fun, Fulfilling Career

For over 40 years, Paw Patch Veterinary Hospital has been a trusted name on Indy's northwest side, delivering top-notch veterinary care with a team that truly supports one another. We take our medicine seriously, and our community ties run deep. Love of Labs of Indiana is our #1 client, and we show up in full force for their Labapalooza fundraiser. We're proud of our "Best Of" awards and our standout leadership (our PM was a top 10 finalist for PM of the Year in 2019!). If you're looking for a team that works hard, supports each other, and makes an impact every day—we'd love to meet you!

Deeply Rooted in Our Community

At Paw Patch, we believe great veterinary care goes beyond the clinic doors. Our team is deeply connected to the community, partnering with a local Farmer's Market and working closely with Oinking Acres Sanctuary to support animals in need. These relationships aren't just partnerships—they're a reflection of our core values in action.
