

Beckley Veterinary Hospital

Leading With Heart, Practicing With Skill

For **more than 25 years**, **Beckley Veterinary Hospital** has served pets and families across southern West Virginia, building a reputation for high-quality medicine, **surgical expertise**, and compassionate care. With a diverse caseload that includes **small animals, exotics, surgery, and emergency cases**, the hospital provides an environment where you can continue developing your skills.

Whether it's tackling a challenging case, celebrating a birthday, or firing up the grill for a team BBQ, this is a group that genuinely enjoys growing and succeeding together. Our veterinarians bring more than 20 years of clinical experience and a shared commitment to helping patients live healthier, happier lives.

Advanced Capabilities for a Diverse Caseload

Beckley Veterinary Hospital combines the feel of a community practice with the capabilities of a larger referral-style hospital. The facility includes three exam rooms, a dedicated surgical suite, and access to advanced diagnostic and treatment equipment that supports both routine and complex cases.

- Digital radiology
- Dental Equipment
- Ultrasound & Endoscopy
- Advanced Anesthesia Monitoring

Adventure Right In Your Backyard

Surrounded by the mountains of southern West Virginia, the area provides easy access to some of the region's best outdoor recreation while maintaining an affordable cost of living and a strong sense of community. Weekends can be spent exploring the trails and overlooks of the New River Gorge National Park, boating or fishing at Summersville Lake, tackling ATV trails throughout the region, or hitting the slopes during ski season. Outdoor adventure is not something you have to plan a vacation around here. It is simply part of everyday life.

What Our Clients are Saying

"Whether it be that they're sick or just coming for vaccine boosters. they're always thorough and great for accommodating me!"

"I recommend them for cost , care & professionalism. The best in Beckley!"
