

ST. FRANCIS ANIMAL HOSPITAL

**Care That Runs Deep for
Pets, Clients, and Each Other**

Leading With Heart, Practicing With Skill

At St. Francis Animal Hospital, we're driven by **curiosity, compassion, and a commitment** to what's best for every patient and client. We value individuals who bring **energy, empathy, and a hunger to learn**. Our multi-doctor team collaborates daily, sharing cases and insights to provide **care that exceeds the typical general practice**. This is the perfect environment for someone who loves complex medicine but values the relationships of a family-style practice.

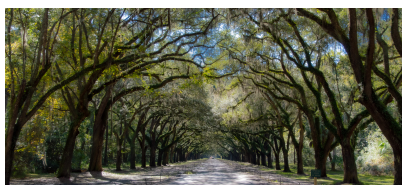

Medicine That Bridges Primary Care and Specialty

Our hospital fills a unique niche in Augusta, offering advanced diagnostics and treatment like a referral center while maintaining the personal connection of a neighborhood clinic. Our state-of-the-art, 7,000 sq ft facility features vaulted ceilings and species-specific spaces for cats and dogs. We're equipped with:

- Digital and dental radiography
- Ultrasound
- Dedicated dental suite
- Full in-house laboratory (CBC, chemistry, cytology, clotting, urinalysis)
- Oxygen therapy throughout OR, radiology, and treatment areas

Experience Life in Augusta, Georgia

Explore Augusta, a city where urban life blends with Southern charm. Known for its rich history and vibrant arts scene, it's perfect for outdoor lovers and culture fans. Enjoy kayaking on the Savannah River, cycling the Greenway Trail, and visiting art galleries. With affordable living and proximity to Atlanta, Augusta offers career opportunities and a fulfilling lifestyle.

What Our Clients are Saying

"I would recommend to anyone who wants the comfort in knowing your fur babies are getting top care."

"Everyone is very friendly, kind, caring and thorough."
