

A Historic Space, A Modern Approach to Care

Concord Chapel Animal Hospital has been caring for pets **since the 1950s**, and that sense of history is something you feel the moment you walk through the doors. Housed in a converted chapel with original stained glass, the space is as unique as the **progressive care** provided inside it. This full-service small animal hospital **blends general practice with urgent care**, giving you the opportunity to see a wide range of cases in a single day. From wellness visits and dentistry, and long-term medical management, the pace keeps things interesting while still allowing for thoughtful, thorough medicine in a **highly team-oriented environment**. The hospital is also known throughout the community for its kitten adoptions and was recently recognized as **Grove City's Best Veterinary Hospital in 2025**.

Hear From Our Clients

"Staff is so kind, professional, compassionate. We're always greeted with smiles"

"The vets take their time and really try to make my dogs feel comfortable and safe."

Historic Character, Modern Medicine

With **three exam rooms** and a **dedicated surgical suite**, the hospital is designed to support both general practice and urgent care flow. The layout includes a **treatment area, isolation ward, and imaging space**, allowing the team to move efficiently while maintaining a high standard of care.

You will have access to:

- IDEXX in-house diagnostics including Catalyst, ProCyte, and Sediview
- Digital radiology and dental x-ray
- Ultrasound capabilities
- In-house fecal floats, gram stains, and cytology

A Culture Built Around Support

At Concord Chapel, mentorship extends throughout the clinic and is crucial to how the team works together every day.

Doctors round consistently, cases are talked through openly, and leadership stays accessible and involved. Questions are welcomed, and support is always close by. There is a rhythm to the day that feels **steady and intentional**. Communication is clear, **expectations are shared**, and people take the time to make sure everyone is set up to succeed

Life Outside the Clinic

Grove City offers a pace of life that feels comfortable and grounded, with plenty to do when you step outside the clinic. Parks and green spaces are woven throughout the area, making it easy to get outside for a walk, a hike, or a weekend reset. The local food scene continues to grow, with a mix of familiar favorites and newer spots that give the area personality without the overwhelm of a bigger city.
