

A Legacy Practice Designed for the Next Generation

INTEGRITY
ANIMAL HEALTH GROUP

Since 1966, **Integrity Animal Health Group's Simpsonville** location has been caring for pets across Greenville County, making it **one of the longest continuously operating veterinary practices in the area** and the oldest in Simpsonville. Over the decades, the hospital has built relationships that span generations, with some families now bringing in fourth-generation pets to the same practice their grandparents trusted. Today, that legacy is paired with a modern approach to medicine. Operating from a **custom-built, 8,400-square-foot facility** filled with natural light, the hospital offers strong **general medicine, dermatology, surgery, and daytime urgent care services**. The practice also serves as a **teaching environment**, regularly hosting veterinary externs and providing mentorship opportunities for both new graduates and support staff.

Built by People Who Believe in Growing Together

The culture at Integrity has been shaped over years of **intentional leadership and investment in people**. The Medical Director and Practice Manager, a husband-and-wife team, have grown the practice from five team members to more than 40 while maintaining an environment where support, communication, and professional development remain priorities. Team members at every level are encouraged to learn, ask questions, and continue building their skills through **monthly CE opportunities, webinars, and in-clinic training**. Leadership stays involved in the day-to-day work of the hospital, while staying connected to the Greenville sister hospital.

Designed for Exceptional Medicine

With **eight exam rooms**, a large surgery suite filled with natural light, **dedicated dental space**, a spacious treatment area with **four wet and dry stations**, and a private euthanasia suite with a separate entrance and exit, the hospital balances efficiency with compassionate care. You will have access to:

- IDEXX in-house diagnostics and digital radiology
- Midmark/Progeny dental radiology
- IDEXX InVue and Digital Cytology
- IDEXX CardioPet monitoring
- Dedicated radiology room
- Large surgery suite and dental treatment area

Hear from our amazing clients!

"I have taken all of my dogs to Integrity. I have always gotten the best care there. I wouldn't trust any other place with my pets."

We love them! They have loved on us and our fur babies as if we are family.

Small-Town Charm with Greenville Nearby

Simpsonville offers the best of both worlds. It maintains the welcoming feel of a true small town while sitting just minutes from everything Greenville has become known for. Downtown Simpsonville still centers around its historic railroad tracks and local gathering spots, with restaurants, pubs, coffee shops, and the beloved Ice Cream Station creating a strong sense of community. For outdoor enthusiasts, the Swamp Rabbit Trail provides miles of biking and walking paths, while nearby mountains, waterfalls, and hiking trails make weekend adventures easy to plan.
