

Where Compassion Leads and Teams Thrive

At **Paws & Claws Animal Hospital**, great care starts with a team that feels supported, valued, and connected. We foster a collaborative, respectful environment **grounded in empathy and a shared commitment** to doing what's right for every client. You'll practice high-quality medicine across a **diverse caseload, including exotics**, with real opportunities to continue learning and growing. We're looking for compassionate, reliable team members who are comfortable in a fast-paced environment, communicate clearly, and approach both medicine and client relationships with care and **intention**.

Hear from Our Local Pet Parents

"Paws and Claws vet team has been welcoming, patient, and extremely helpful for me and my guinea pigs."

"So thankful to find a local avian vet who also provides boarding services."

Equipped for Everything. Ready for Anything.

With six exam rooms, an open, collaborative treatment area, and abundant natural light, our hospital is built to support both our patients and our team. We are fully-equipped with:

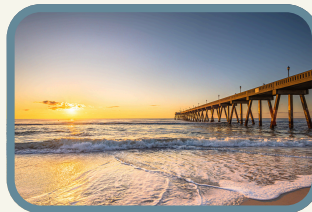

- Digital radiography
- Ultrasound
- In-house bloodwork and diagnostics
- InVue analyzer for ear cytology and blood smears
- Two fully equipped surgical suites
- Dedicated dental suite
- Quiet recovery rooms with heated cages

A Culture You Can Count On

We pride ourselves on creating a **low-drama, high-humor** environment where people genuinely enjoy working together. From the treatment floor to the break room, **you'll find a team that checks in, steps up, and celebrates each other**, because we know great medicine happens when people feel good about where they work. **Mentorship and growth are core to how we operate.** As a teaching hospital, we regularly host veterinary students and foster hands-on, collaborative learning where development is part of everyday work.

Live Where Others Vacation
