

## Where Compassion, Community & Care Come Together

At County Animal Hospital, pets are at the heart of everything we do—and so are our people. Since 1948, we've been committed to delivering full-service veterinary care with **sincerity, consistency, and a warm touch**. We're looking for skilled, motivated veterinary professionals who want more than a job—who want to build relationships, grow their skills, and contribute to a practice grounded in **community trust and medical excellence**.

### A Legacy of Trust and Care

Our reputation in Manchester, Ballwin, and West County rests largely on long-term client trust, referrals, and providing comfort and confidence in care. Many clients rely on us year after year—and they look for veterinarians who not only practice great medicine, but also communicate openly and compassionately. At County Animal Hospital, you'll become part of that legacy!

### Equipped for High Quality Medicine

We provide complete care for pets at every life stage, with services ranging from vaccination and preventative care to advanced surgery and diagnostics. We also offer:

- In-house diagnostic and ultrasound
- Digital and dental radiology
- Cold laser

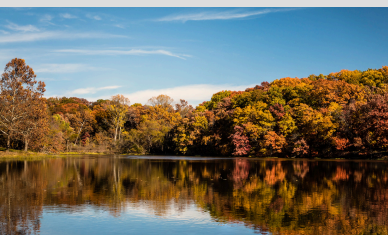

### What Our Clients Are Saying

*"You can't go wrong with County Animal Hospital! They are all such nice people who truly love animals."*

*"Everyone at County Animal Hospital is absolutely wonderful!"*

### Big-City Access, Hometown Comfort

Tucked in the heart of West County, we're close enough to St. Louis for Cardinals games, Forest Park strolls, and weekends at the Zoo, with plenty of breathing room. Here, you'll find tree-lined parks, local favorites like the Butterfly House and Dr. Edmund A. Babler Memorial State Park, and a community full of neighborhood charm. Spend your days exploring city life or your evenings relaxing in a growing suburb that truly feels like home.
