2. Overview of Epworth HealthCare

Epworth HealthCare is Victoria's largest not-for-profit private health care group, renowned for excellence in diagnosis, treatment, care and rehabilitation. Epworth is an innovator in Australia's health system, embracing the latest in evidence-based medicine to pioneer treatments and services for our patients.

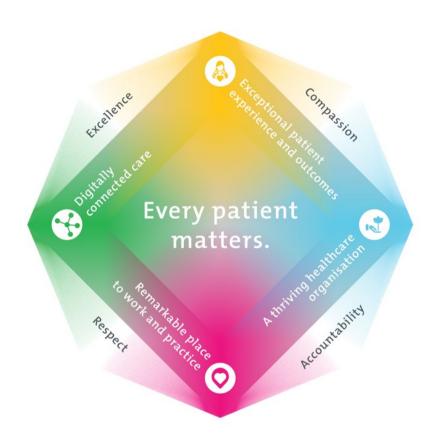

Epworth's values define our approach and our delivery. We pride ourselves on communicating our values and delivering on them in a real and meaningful way. Our Values are Compassion, Accountability, Respect and Excellence. More information can be found on the <u>Epworth website</u>.

Epworth's purpose is Every Patient Matters.

Our Vision is Delivering another 100 years of exceptional healthcare and innovation to the Victorian community.

3. Epworth HealthCare Strategy

All roles are linked to the Epworth strategy and are fundamental in achieving its vision and purpose.

Exceptional patient experience and outcomes - To empower our patients and deliver compassionate, expert and coordinated care.

A thriving healthcare organisation - To adapt and grow in a changing healthcare landscape by delivering a unique private not-for-profit healthcare organisation.

Remarkable place to work and practice - To ensure Epworth is an outstanding place to work and practice through a culture of care and investment in our people.

Digitally connected care - To innovate and improve the digital experience, interactions and outcomes for our patients, staff and doctors.

4. Purpose of the Position

The Clinical Research Coordinator (CRC) will assist in recruitment of potential participants into research studies as well as providing administrative and clerical support to ensure effective and efficient team operations. In conjunction with team members the CRC will assist in maintaining appropriate regulatory documents and ensuring regulatory compliance in the conduct of clinical research

5. Clinical Governance Framework

This role is required to put into practice the Clinical Governance Framework at Epworth as every employee is accountable for ensuring that our patients and community receive safe, high quality and person-centred care in every interaction with Epworth. This is achieved through active participation in the five domains of clinical governance at Epworth:

Clinical Governance Domain	Role		
Leadership and culture	Promote and participate in a supportive, fair and transparent culture where lessons from previous outcomes are learned		
	and patient safety and quality is a priority at all levels of the organisation.		
Consumer Partnerships	Understand and where relevant, ensure that each patient is actively involved in their own care and treatment including		
	families/carers wherever possible.		
Effective Workforce	Develop and maintain one's own competency, skills and knowledge to ensure high quality service provision and care.		
Clinical Safety and Effectiveness	Understand and where relevant, ensure, that the right care is provided to the right person at the right time, in the right		
	place and patient outcomes are monitored and improved.		
Risk Management	Be responsible for identifying and reporting risks, hazards and near misses for people in our care and participating in risk		
	mitigation strategies.
