2. Overview of Epworth HealthCare

Epworth HealthCare is Victoria's largest not-for-profit private health care group, renowned for excellence in diagnosis, treatment, care and rehabilitation. Epworth is an innovator in Australia's health system, embracing the latest in evidence-based medicine to pioneer treatments and services for our patients.

Epworth's values define our approach and our delivery. We pride ourselves on communicating our values and delivering on them in a real and meaningful way. Our Values are Compassion, Accountability, Respect and Excellence. More information can be found on the [Epworth website](#).

Epworth's purpose is Every Patient Matters.

Our Vision is Delivering another 100 years of exceptional healthcare and innovation to the Victorian community.

3. Epworth HealthCare Strategy

All roles are linked to the Epworth strategy and are fundamental in achieving its vision and purpose.

Exceptional patient experience and outcomes - To empower our patients and deliver compassionate, expert and coordinated care.

A thriving healthcare organisation - To adapt and grow in a changing healthcare landscape by delivering a unique private not-for-profit healthcare organisation.

Remarkable place to work and practice - To ensure Epworth is an outstanding place to work and practice through a culture of care and investment in our people.

Digitally connected care - To innovate and improve the digital experience, interactions and outcomes for our patients, staff and doctors.

4. Purpose of the Position

The Nurse Manager (NM) is responsible for leading and managing their unit and the ongoing development of the unit from a strategic and operational perspective. This is achieved through effectively balancing and prioritising the core business activities of:

- Leading a strong clinical team to deliver timely, safe, evidence-based, person-centred clinical care to patients at Epworth HealthCare to drive optimal clinical outcomes and an exceptional patient experience.
- Building and maintaining high performing teams that operate within a performance framework to drive a culture of accountability, best practice and innovation
- Effective management of all resources within a continuous improvement framework to optimise the quality, activity, business development and financial performance of the unit.
- Overseeing the maintenance of safe clinical and operating environments to optimise safety and wellbeing and prevent injury to patients, visitors and staff.
- Contributing to the ongoing development of Epworth HealthCare's internal culture and external reputation through: - Demonstrating behaviours and attitudes that are consistent with Epworth's Vision and Values and professional nursing philosophy - Building strong and trusting relationships with internal and external stakeholders including highly effective doctor relationship management to continue building the reputation and brand of Epworth HealthCare

5. Clinical Governance Framework

This role is required to put into practice the Clinical Governance Framework at Epworth as every employee is accountable for ensuring that our patients and community receive safe, high quality and person-centred care in every interaction with Epworth. This is achieved through active participation in the five domains of clinical governance at Epworth:

Clinical Governance Domain	Role
<i>Leadership and culture</i>	Promote and participate in a supportive, fair and transparent culture where lessons from previous outcomes are learned and patient safety and quality is a priority at all levels of the organisation.
<i>Consumer Partnerships</i>	Understand and where relevant, ensure that each patient is actively involved in their own care and treatment including families/carers wherever possible.
<i>Effective Workforce</i>	Develop and maintain one's own competency, skills and knowledge to ensure high quality service provision and care.
<i>Clinical Safety and Effectiveness</i>	Understand and where relevant, ensure, that the right care is provided to the right person at the right time, in the right place and patient outcomes are monitored and improved.
<i>Risk Management</i>	Be responsible for identifying and reporting risks, hazards and near misses for people in our care and participating in risk mitigation strategies.
