This will include delivering within a multi-disciplinary team high-quality services, interventions, and practice expertise to ensure best outcomes for residents.

You will achieve this through your demonstrated experience and expertise in working with residents and the team to develop and work towards healing oriented, recovery and transition plans, and individual and group therapeutic interventions. You will provide clinical supervision, reflective practice, and case review opportunities within the program. Your commitment and experience will create a best practice and supportive environment that leads to successful resident outcomes.

Key Deliverables

Counselling deliverables:

- Lead and provide high quality engagement, assessment, treatment, and therapeutic interventions to individuals and groups who access the AOD Residential Rehabilitation program.
- Lead on the development, with resident and staffing team creation, monitoring, and key review points of the AOD Residential Rehabilitation Recovery Plans.
- Lead on ensuring residents are supported appropriately with developing/reconnecting, and implementing the tools and skills for a successful completion of treatment goals and transition back to the community, including but not limited to relapse prevention, managing stress, psychoeducation, trauma-informed care, and other therapeutic interventions and using best practice principles including Family Inclusive Practice and Dual Diagnosis Principles.
- Lead evidence base therapeutic interventions and programs inclusive of various modalities for individual and groups.

- Ensure transition plans that create appropriate level of support to maintain and continue to achieve on treatment gains – including social connection.
- Ensuring interim support for clients awaiting the commencement of counselling services.
- Utilise your expertise in professional development of multi-disciplinary teams to ensure appropriate best practice, evidence-based interventions, de-escalation strategies and recovery planning.
- Hold a minimum caseload as appropriate to the requirements of the funding body and the program.
- Work within a trauma informed framework, recognising that residents may have current and historical experiences of trauma.
- Ensure that timely referral to appropriate specialist services through ongoing transition planning to exit the service on successful achievement of treatment goals and ongoing connection for supports as required in the community.
- Provide family inclusive practice interventions when indicated, ensuring the client voice is at the forefront of communication and interventions.
- Demonstrate ability to understand and apply inclusive and intersectional practice when working with people from diverse communities, such as cultures, genders, sexualities, bodies, abilities, spiritualities, ages and backgrounds.

Administrative deliverables:

- Develop and adhere to guiding principles, policies, and scope of practice described by internal policies and overarching regulatory bodies.
- Ensure that group interventions focus on a range of treatment modalities including psychoeducation, trauma-informed care, relapse prevention, and other therapeutic interventions to ensure depth and breadth of learning and experiences through the program and run groups as required.
- Lead on the use of the Family Violence Multi-Agency Risk Assessment and Management Framework (MARAM) to ensure effective identification, assessment and management of family violence risk for both victim survivors and people using violence. As well as ensuring appropriate use of the Family Violence Information Sharing Scheme (FVISS) and Child Information Sharing Scheme (CISS) to facilitate client information sharing and ensure a collaborative approach is adopted for managing family violence risk.
- Ensure the program is working within the bounds of the Mental Health and Wellbeing Act 2022 to promote compassionate and improved mental health support while concurrently addressing AOD treatment goals – ensuring no ‘missing middle’.
- Dynamically manage risk, inclusive of but not limited to AOD, physical health, mental health and family violence related.
- Aid in the administration of medication on completion of medication competencies when required.
- Collect random urine drug screens and/or saliva tests and conduct breath tests on completion of competencies as per program guidelines when required.
