Who we are

Catch22 exists to help build a society where everyone has a good place to live, good people around them, and a fulfilling purpose. We call these our '3Ps'.

Catch22 supports people through education, employment, mental health and emotional support and social care services. We reach out to people in their communities and help them get the support they need. Last year we supported over 110,000 people across England and Wales to lead better lives.

We achieve this in two ways. First, we improve lives on the frontline through delivery of public services. Secondly, we use our knowledge to change 'the system', to fix the complex web that can trap and disempower those it was set up to help. With the heart of a charity and the mindset of a business, we are uniquely placed to deliver on this challenging agenda.

The Catch22 Employability division provides skills and employability provision on a range of programmes, both public and corporate funded. We pride ourselves on supporting the most disadvantaged in society to improve their prospects resulting in improved social mobility and sustainable positive change.
