

LIFE @ HOME ASSESSMENT

HEJ!

[Hey!]

That's how we say *hello* in Swedish.

Thank you for being here!

**Let's embark you on a mini
Life At Home journey with
IKEA.**

Let's go!

The life at home journey.

Agenda:

Introduction to Life at Home.

Let's meet Paul.

Let's get inspired! Assignment time.

Your home is more than a house

People live life on their own terms – in a relationship or not, with or without kids, frequently changing homes and jobs or staying more put.

Everyone has a **life at home**.

Understand your living situations, lifestyles and preferences, can help to create **a better everyday life** for you and your loved ones at home.

At IKEA, everything is about people.

We have a **passion** for life at home.

Our culture is built upon enthusiasm, togetherness and a “get-it-done” attitude. We’re optimists, constantly looking for new and better ways to do things, from how to design a rocking chair that fits into a flat-pack, to creating LED light bulbs that are affordable to everyone.

Our vision is to **create a better everyday life for the many people** – for customers, but also for our co-workers and the people who work at our suppliers.

A modern living room interior. In the foreground, a bright red quilted sofa is partially visible. To its right is a long, white modular shelving unit with various compartments, including open shelves, glass-fronted cabinets, and drawers. A television is mounted on the wall above the unit. A white, dome-shaped lamp sits on a small white table next to the TV. To the left, a window with dark frames is filled with several potted plants. A small black side table with a round top and thin legs stands next to the sofa. The floor is covered with a light-colored, textured rug. The overall aesthetic is clean and contemporary.

Let's get inspired!

Assignment time

Step 1 - Take photos of your favorite living space. It can be your room, living space, kitchen, bathroom, or others.

Step 2 – Reflect on your current favorite living space. What works well and what can be improved?

Step 3 – Figure out the **activities** that you do in your favorite living space.

Step 4 – Think about the **needs of the activities** and **how can you meet those needs** to make a better everyday life. It is as simple as that !

Step 5 – Share with us your idea ! We welcome every format, it can be a power point, a document, a video, a drawing/picture, or even through a song ! Free your imagination and get creative.

In this
assignment,
you can be
creative, be
unique,
simply be
YOU.
