

HRS Priorities

Continuous Improvement

We're not letting bureaucracy stop us from achieving operational excellence, so we are continuously seeking and implementing ways to streamline our processes and provide a more positive employee experience

Communication & Transparency

We're thoughtfully and collaboratively developing resources and tools our workforce needs to navigate the complex world of talent management that drives their experience

Data & Technology

We're leveraging new technologies to understand what makes our workforce work, identify insights to drive action, and provide more value to our internal stakeholders

Strategic Partnerships

We're building productive, collaborative relationships at all levels to enhance organizational and people capabilities and take HR effectiveness to the next level

Diversity, Equity, & Inclusion

We're ensuring our workforce is reflective of the communities we serve, our decision-making leads to equitable opportunities and outcomes for all, and that employees can bring their whole, authentic selves to work
